**Additional information
about catering and COVID-
safe practices**

There will be a sausage sizzle for year 12 where individual single portions will be provided to students by staff in line with covid-19 guidelines. We will space out the timing of lunch to avoid queuing (we plan to start serving around 12 noon, and should then be able to serve all 200 within about an hour so everyone has received their food by around 1pm).

For students who are concerned about health risks, or would like a vegetarian option, the canteen will provide sushi as an alternative, in pre-packaged and individually labelled bags. Alternatively, of course students can self-cater.

The activities running on the oval will be in accordance with the current guidelines for sport and shared equipment use in schools. Hand sanitiser will be available and its use requested at the beginning of the picnic and between activities. Individual items will be provided where possible, with shared equipment washed regularly throughout the afternoon. While some activities may ask students to work closely together in small numbers, consideration will continue to be given to spacing out the cohort so that interactions are not more than the students would have experienced during the course of a normal school day. Participation in events will also be voluntary, so students can manage their own participation according to the individual circumstances of each of your families.
