

TURRAMURRA

HIGH SCHOOL

Dear parents and care givers,

Welcome back to another term of who knows what.

Just when we thought everything was coming along just fine, it all crashed again. One thing I have noticed is that most students have taken the situation and just “rolled with it” and are getting on with what needs to be done. Some students are needing extra support and hopefully seeking out the support networks available.

Its great to see so many young people out and about in their free time getting some exercise and fresh air, this is an important aspect of everybody’s life, as is staying connected with friends for support. My daughter sets up zoom calls with her friends and this has been a positive use of the available technology for her to remain connected yet at a distance so I would encourage you to suggest this to your young adult as well if they are not already doing so.

With so many uncertainties at the moment with Trial exams, Major works and practical examination dates, one thing is for sure, no matter what happens, we will find a way to make it work and everything will work out in the end. I would encourage you to remain positive and remind your young adult of this and the need to persevere and have faith in the knowledge that we have their backs and are all working toward success.

Formal Update:

I have spoken with the venue, and I am in the process of moving the date to November, just after the HSC. As far as graduation ceremonies etc, we will have to wait and see how this all pans out so I will let you know once we are able to plan dates and conditions etc.

If nothing else the last 2 years have been a resilience building experience that has shown us that we can succeed. We just need to do the best we can with the tools we have.

Good luck and of course if you need to reach out, please don’t hesitate to contact Miss Arrigo, Miss Steele or myself at any time.

Mark Crewe

Year 12 Adviser.
